

## FOOD VENDOR INFORMATION

- All food vendors are required to have a Health Department permit.
- It is the responsibility of each vendor to contact Jason Stinnett to get a permit.
- While the menu is the choice of the company/organization providing the food, we do ask that healthy alternatives be made available to customers.
- All vendors are required to fill out an application. There is no fee for filing the application.
- In order to make each offering a success for the food vendor, only one vendor per day will be allowed to set up. The only exception would be for a vendor that had prepackaged items that would not be in direct competition with the food being sold by the food truck. An example of this would be prepared salads, yogurt with fruit and/or granola, etc. These additional food vendors would need to be approved by the Farmers Market Subcommittee.
- Vendor applications will be reviewed on a first come first serve basis. Each food truck and organization will be allowed to sell at the market once during the market season. This allows our community a variety of food styles and offers equal opportunity for interested parties.
- It is the desire of the Pearisburg Community Market to offer a community breakfast on Saturday morning and have the food truck dinners on Thursdays.
- The Pearisburg Community Market will open on Thursday, May 18, 2017. The closing of the Market will be on Thursday, October 19, 2017.

### Hours of Operation
